

# Year 4 Homework – Summer 1

This half term our focuses are **sound (science)**, the **Vikings (history)**, **jewellery making (art)** and the **Pentecost (RE)**. Here are some ideas of tasks to complete over the term. Please remember to email any homework you complete to [enquiries@mundella.sheffield.sch.uk](mailto:enquiries@mundella.sheffield.sch.uk) or bring it in during the last week of term for our homework showcase.

Homework Showcase will be held on **Thursday 14th May at 2:45** and parents are invited to join us in the classroom.

<p>Can you create your own science book based on sound? You can include questions and interesting facts, quizzes and diagrams. You could include information on how sounds are made, pitch, the effect of distance on sound and soundproofing.</p> 	<p>Rock out on Times Table Rockstars. Can you master all your times tables?</p> 	<p>Make a string instrument to explore how it makes a sound. There are lots of different ones you could make.</p> 	<p>Linking to the Vikings, can you research the clothes they wore? Use a variety of sources to find out about what men, women and children would have typically worn. You could present your work as an information text or a picture with labels.</p> 	<p>Research Viking gods and religious beliefs. You could create a fact file about different Viking gods.</p> 
<p>Create your own maths quiz for a friend to solve. You could include the four operations. Make it more challenging as you go. Include lots of your decimals, time and money learning from this half term.</p> 	<p>Can you use the internet to research lots of information about King Alfred the Great? You could create a fact file about him.</p> 	<p>Can you design and make your own model of a Viking house?</p> 	<p>Create your own model of an ear and label the different parts.</p> 	<p>Research lots of information about the Lindisfarne Raid. Write a recount of it from the perspective of the monks or the Vikings.</p> 
<p>Learn this fun, educational song about the Vikings. You could even film yourself singing it and send it in for the homework showcase.</p> <p><a href="#">Viking Anthem</a></p> 	<p>Create your own Viking themed board game. Think of the rules of the game and how you could include your knowledge about the Vikings.</p> 	<p>Design and make your own jewellery. This could be a necklace, a bracelet or any other type of jewellery. You could take inspiration from the natural world or anything else that inspires you.</p> 	<p>Carry out some of your own sound experiments at home to find out more about how sound travels.</p> <p><a href="#">Sound experiments</a></p> 	<p>PE and Well-being</p> <p>Go for a walk with your family and see how many different species of bird you can spot. You can find a survey sheet on RSPB to help you identify and record this.</p> <p><a href="#">School Birdwatch</a></p>
