

Y1 Homework: Summer 2

This half term we will be learning about materials in science, the seaside, how to use the internet and freestanding structures. Here are some tasks to complete over the half term! Remember email us a picture so we can show the class what you have been getting up to in our final Homework Showcase on Friday 10 July at 2.45pm – all grown ups are welcome!

<p>Practise your number bonds to 20.</p> <p>12 34 56 78 9 10 11 12 13 14 15 16 17 18 19 20</p>	<p>Write a repeating poem about the seaside.</p>	<p>Practise your handwriting. Can you make the bodies of the letters all the same size?</p>	<p>Can you draw and design a playground?</p> 	<p>Perform an exciting science experiment with a grown up. Remember to send us a photo or video!</p>
<p>Practise singing and signing the songs for the parade!</p> 	 <p>Read your favourite book to a friend or family member.</p>	<p>Practise typing on a keyboard. Can you make a fact file all about you?</p>	<p>Write some silly sentences using your spellings.</p>	<p>Practise finding halves of a number. Can you halve anything else? A shape?</p> 
<p>Design and build a junk model of a car. Can it have doors or a boot that open?</p> 	<p>Design your own circuit training routine.</p>	 <p>Draw a seaside picture.</p>	<p>With a grown-up, write an email to a family member telling them all about what you have been doing.</p>	<p>Play 'I went to the shop' memory game. How many items can you remember?</p>
