Year 5 Homework – Autumn Two 2026

Please choose activities from the homework sheet below. We would really like all children to complete at least one piece of homework this half term. This can be brought into school or e-mailed to enquiries@mundella.sheffield.sch.uk (please include the class name in the e-mail). Please send in any work by Monday 14th December which will be our showcase event. We would also like children to read at least 3 times per week and have their reading diary signed by an adult. Reading diaries need to be brought into school to be checked **every Friday**.

Extra- curricular homework suggestions…	Literacy /Maths based tasks …	Geography / Art / R.E / Science suggestions:
- - *Cut your Carbon Challenge*! During November complete as many 'cut your carbon' challenges as you can at home and bring your completed sheet back into school in the first week of December. Let's see how much carbon we can cut together in November! - Bake some mince pies or a different sweet treat (please tweet/email us a photo rather than bringing them into school) - Complete a charitable project-. You could volunteer in the community, donate some of your old toys and clothes to people in need or create a gift box to send to someone who has very little. https://www.samaritans-purse.org.uk/what-we-do/operation-christmas-child/ - Learn a new skill. *For example, sewing, painting or a new sport.* - Learn a song and perform it to your family. - Create a photo story all about the traditions of a family celebration. It could be Christmas, Eid or Diwali or something else you celebrate. - Practise your typing skills using word.	**Literacy:** - Try reading a book by a new author! Either borrow a book from school or visit your local library. - Write a book review of a book that you have enjoyed recently. - Try reading some poetry. Bring your favourite poem into school to share with the class. You could even recommend your favourite poet. - Practise and learn the spellings listed below. You could make the spellings using letters cut out from magazines and newspapers. **Maths:** - Practise your times tables daily. -Take a multiplication board game from the classroom (choose a times table you find tricky) and play it regularly. - Play on Times Tables Rock Stars every day - Collect some data at home and present it in a line graph. For example - you could measure your pulse rate before and at different points during exercise and record this on a line graph. - Take a greater depth challenge from class to solve at home.	- Create a fact file for a country from North or South America. Draw a map of the country and label where major physical features (mountains, lakes, rivers) and human features (cities, towns, important buildings) are in the country. Draw a detailed diagram of a biome or make a model of a biome. For example - you could focus on a rainforest, drawing and labelling the types of plants and animals found at different heights. Carry out some research about William Morris. Record five interesting facts about him. Create some art work inspired by his repeating designs art work. Be creative! Carry out some research about Jessica Ennis-Hill. Create a fact file about her. Create a collage to represent a landscape of human or physical features. This video will give you some ideas! https://www.bbc.co.uk/teach/class-clips-video/art-and-design-ks1-ks2-creating-a-collage-landscape/zfrfbdm
