BLOXELS GAME DESIGN

Bloxels is a hands-on platform for kids to experiment, build and learn through simple 13-bit pixel video game creation without the need for programming.

Students create characters, backgrounds, collectables and enemies. Students can assign function and add interactivity to their creations, such as animations, movements and more.

**Every Tuesday 3:25pm – 4:25pm
(3rd June – 8th July)**

Mundella Primary

Cost: £48.00 (6 sessions)
